SUMMARY

An eager and ambitious tech enthusiast with a solid foundation in JavaScript, C#, Node.js, ReactJS, familiarity with CI/CD and cloud technologies. Seeking opportunities to kickstart a career as a Junior Software Developer. Quick learner, adept at problem-solving, and committed to continuous growth and development in the field. Ready to contribute positively to dynamic teams and innovative projects.

TECHNICAL SKILLS

Languages: JavaScript , C#
Frameworks: MongoDB, Express, React, Node.js , Next.js
Developer Tools: Git, Docker, K8s, NGINX, AWS, MySQL
Others: AJAX, RESTful API, GraphQL, Tailwind CSS, Bootstrap

EXPERIENCE & PROJECTS

Front-End Developer | *MONASH*   May 2022 - July 2022
- **Tech Stack:** ASP.NET MVC, JavaScript, AZURE, Bootstrap, MySQL
- Developed an Animal Protecting application using .Net MVC, JS, Bootstrap and SQL Server
- Deployed application on Azure and performed troubleshooting for production incidents
- Implemented a real-time SQL database with user authentication and data retrieval functionalities

React Projects
News Management
- **Tech Stack:** ReactJS, Json Server, Ajax, Redux, Antd
- SPA development using ReactJS and Ajax
- Employed Antd-Design as frontend UI library to achieve fluent and clear user experience.
- Implemented a real-time SQL database with user authentication and data retrieval functionalities

eCommerce Platform
- **Tech Stack:** MERN, Redux Toolkit
- Built frontend with React, using Redux Toolkit for state management and React Bootstrap for UI.
- Developed backend API with Node.js and Express, using MongoDB for database.
- Implemented JWT for secure user authentication and authorization.

Next.js Projects
Notion Clone
- **Tech Stack:** Next.js , React, Tailwind, shadcn/ui, BlockNote
- Built application using Next.js, React, and Tailwind CSS for a modern, responsive UI.
- Integrated shadcn/ui and BlockNote for enhanced user interface components and rich text editing.
- Utilized Clerk for authentication and user management.
- Developed backend with Convex and Edge Store for efficient data handling and storage.

Portfolio
- **Tech Stack:** Next.js 14 ,Tailwind CSS
- SPA development using Next.js 14 and Tailwind CSS
- Employed email function to increase interactive

EDUCATION

Bachelor of Networking, *Melbourne Institute of Technology*, 2017-2019.
Master of Information Technology, *Swinburne University of Technology*, 2019-2020.
Transferred to Master of Information Technology, *MONASH University*, 2021-2022.

CERTIFICATIONS

AWS Certified Solutions Architect - Associate
